Dear Marvin:

Thank you for being a partner in the great community project to replace the sidewalks for the family of Corporal Bryon Dickson II. We, as Commissioners of Lackawanna County, are so very proud of our region and our residents, and we wanted to recognize the importance of your efforts. You saw a need and immediately involved your business, donating labor and materials to complete the project.

We understand that due to prior commitments you were unable to attend our last Board of Commissioners' Meeting when the presentation was made. Please accept the enclosed Certificate of Good Works as a way to commemorate your outstanding contribution to a family in need.

Please feel free to contact us should you or M.E.M. Concrete need any assistance.

Sincerely,

Corey D. O'Brien
